State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. This Annual Comprehensive Financial Report of the Park District of Franklin Park (Park District) for the fiscal year ending April 30, 2023 is hereby submitted as mandated by state statutes. Sikich LLP, the licensed accounting firm, has issued an unmodified (“clean”) opinion on the Park District’s financial statements for the fiscal year ending April 30, 2023.

Management assumes full responsibility for the completeness and reliability of the information in this report. To provide a reasonable basis for making these representations, the management of the Park District established a comprehensive internal control framework designed to protect the government’s assets from loss, theft, or misuse. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

Concerned citizens, led by the Franklin Park Women’s Club and local Kiwanis Club, incorporated the Park District of Franklin Park on July 17, 1964 after a grass roots effort. From its beginning to the present, the Park District acquired 24.56 acres of parks, built four recreation facilities, and acquired a maintenance Service Center. Serving approximately 15,307 residents residing north of Grand Avenue, the Park District offers more than 250 programs each year for all age groups. We participate in a special recreation cooperative, the West Suburban Special Recreation Association (WSSRA). Supported by eight park districts and four villages, the association provides special leisure services for people with disabilities.

Thirty three citizen volunteers have served as Park Commissioners by election and appointments. The Park District has 23 full-time employees, augmented seasonally by more than 207 part-time employees. Eight Directors have served in the past 59 years.

The Park District operates with a limited number of acres – well below national standards. There are seventeen parks and three lighted baseball fields. Special facilities include a year-round indoor Ice Arena featuring a 200 x 85 main arena and a smaller practice arena, and an outdoor Swimming Pool including a full-size Olympic pool, a wading pool, two waterslides and drop slide, a diving board, basketball hoop and zero-depth spray-ground. The Park District offices are housed in a 30,000 square foot Community Center, which includes a full gymnasium, locker and shower facilities, three meeting rooms, a pre-school, dance studio, fitness center and administrative offices, as well as a two 14-passenger buses for our early childhood, after school programs and various camp field trips. A smaller Community Center at North Park was renovated and expanded in 1995, from 6,000 to 20,000 square feet and remodeled in 2009. This Community Center includes a banquet hall with senior citizen accommodations, dance/aerobics studio, and sports/activity arena. The Sunflower Nature Center, located in the northwest corner of North Park, was added in 2001 as part of a complete park renovation. This facility encompasses a classroom/meeting room accompanied by a concession stand and restrooms. A 10,000 square foot Maintenance Facility accommodates a fleet of eight trucks; and a full range of property care equipment.

The Park District participates in the Illinois Municipal Retirement Fund (IMRF), and is a member of the Park District Risk Management Agency (PDRMA). These organizations are separate entities. The Park District does not exercise financial accountability over these agencies, and their financial statements are not included in this report. However, audited financial statements for these organizations are available upon request from their business offices.

Local Economy

The Park District has a population of approximately 15,307 in 5,802 households in Franklin Park. Franklin Park is in Cook County, about 14 miles west of downtown Chicago and covering approximately 4.15 square miles. The tax base of the Park District is supported by 68% business and industry and 32% residential property. Approximately 25%, in line with national average, of the households have children under the age of 18 and the median age is 38. The median family income is \$66,875 and per capital income is \$36,034.

The community benefits greatly from the large business and industry presence in the area. Franklin Park is the fourth largest industrial area in Illinois. Major employers within the District boundaries include The Hill Group, Sloan Valve Company, Canadian Pacific Railway, Ferrero USA (formerly Nestle Chocolate & Confection), Transcendia, Inc., DHL Express (USA), Bretford Manufacturing, Life Fitness, UPS, IAM Acquisition, LLC (formerly Coregistics), R&M Trucking, RCM Industries, JS Paluch Company, SE-Kure Controls, DB Schenker, Inc and Switchboard Apparatus, Inc..

Long-term Financial Planning

The Park District works closely with a financial advisor to monitor current and future debt payments within the framework of estimated funding constraints. The District's Series 2008 General Obligation (Alternate Revenue Source) Park Bonds were rated AA stable when they retired in 2011. The current outstanding debt is short-term and relatable to our General Obligation Limited Tax Park Bonds, Series 2022.

The Park District also utilizes a ten-year Capital Improvement Plan detailing long-range infrastructure and equipment improvement needs.

Major Initiatives

In 2009, the Park District completed \$2.5M in major renovations to the Pool on Pacific, performing significant mechanical upgrades and new features, including a combined baby and lap pool, spray features, and three new slides. In 2017, the water slides were refurbished to maintain color and appearance. Also in 2009, permeable pavers were installed at the Community Center and Ice Arena parking lots, allowing for better water and snow drainage. This system, which is made of sustainable materials, is better for the environment and lasts significantly longer than conventional asphalt.

In 2011, Ruby Addison Park, one of Franklin Park's oldest playgrounds received a \$250,000 upgrade which included a sitting shelter, two jungle gyms, a bridge, swings, and ADA accessibility.

During 2013, a major 6-week renovation was completed to the Community Center gymnasium, restoring the floor and adding new basketball backboards, volleyball stands, bleachers, and a dividing curtain. In addition, from fiscal year 2013-2014 to 2014-2015 over \$1,051,702, plus \$296,000 in grant reimbursements from the Open Space Lands Acquisition and Development Grant Program was invested in the renovations of Lincoln, Elder and Chestnut Parks. All three parks received complete upgrades with new innovative playground equipment, shelters, ADA accessibility, and native landscaping.

In 2014 the North Park Facility, Ice Arena, and Community Center renovations included new roofs and extensive HVAC upgrades. The investment in the North Park and Community Center projects was \$439,369 and \$631,990, respectively. The \$429,463 Phase I Ice Arena upgrades also included a redesigned entry and complete exterior repainting.

During 2015, a major four-month renovation was completed to the original Ice Arena refrigeration system placed in service in 1974. The entire system was replaced with a new, state of the art system. During the renovation, additional items were replaced including, but not limited to, the flooring, heat reclaim system, wood burning stove, dasher boards and interior painting. The investment in the renovation was \$3.3 million. Also in 2015, North Park and the Community Center renovations included bathroom/locker room refurbishing. The investment in the North Park and Community Center projects was \$379,530 and \$370,850 respectively.

Maple Park was renovated and reopened in accordance with the American with Disabilities Act during 2016 with a retro theme that included a new merry-go-round, rocket ship, dome climber, gazebo, and planets. From start to finish the total cost of the Maple Park renovation was \$521,439, with grant reimbursements from the Open Space Lands Acquisition and Development Grant Program totaling \$217,900. Additionally in 2016, property at 3701 Sunset was acquired that is adjacent to North Park. This land was completely excavated and is available property to the Park District to expand North Park. The total cost for the land and excavation was \$234,130.

Additional land at 9558 Schiller was acquired in 2017 adjacent to Little Pearl Park. The land was excavated and is currently an open grassy area for patrons to use at their leisure until future development. The total amount to purchase and excavate the land was \$168,125, including applicable permits and fees. The Community Center, Centre at North Park and Maintenance Service Center received tuck-pointing work in 2017 to upgrade the appearance of the exterior brick structures.

The Ice Arena added additional locker rooms in fiscal year 2018-2019 to help accommodate the growing number of female hockey players attracted to the sport and provide better space for existing players. The renovations totaled \$484,602, with \$17,056 expended in fiscal year 2019-2020. Another major project during the fiscal year 2018-2019 were the renovations at the Community Center. The renovations included, but were not limited to, brand new office space and furniture for the Administrative Staff; an updated Pine, Maple/Elm & Kitchen and Willow Room; an artist designed, state-of-the art Terrazzo Floor in the main lobby that displays an interactive park display; and new general contractor updates for flooring, plumbing, electrical, and HVAC. The renovations were construction in progress at the end of the 2018-2019 fiscal year when expenses to-date totaled approximately \$1.5 million.

The Community Center completed the major two-year construction in progress in fiscal year 2019-2020. Expenses-to-date totaled approximately \$1.8 million in order to modernize the traditional visage of the main corridor and rooms & office space throughout the main level. Another major construction in progress are the Neighbor Park Redevelopments at Timber Park & Hawthorne Park. Fiscal year 2019-2020 expenses-to-date totaled \$16,453 for design and architectural fees. The redevelopment was still in the planning phase as the fiscal year concluded while no construction began.

The Neighbor Park Redevelopments at Timber & Hawthorne Park remained in the design and architectural phase for a good majority of fiscal year 2020-2021, however construction did commence towards the end of the year. At April 30, 2021, \$206,823 was expensed for the project, not including retainage payable, \$35,179. The Park District was awarded and has received \$124,100 the Open Space Lands Acquisition and Development Grant towards these projects.

The Community Center weight room was fully upgraded in fiscal year 2020-2021. Upgrades included state of the art equipment for a total body workout. All existing machines, weight sets & benches were replaced and heavy resistance bands and medicine balls added allowing patrons the opportunity to achieve utmost from their strength training. The total project cost, including a face lift to improve the aesthetics of both the weight and cardio room was \$47,053.

The Ice Arena fire that occurred in summer 2018 left the building's south wall, mainly exterior, and rooftop area damaged. Construction repairs occurred in fiscal year 2020-2021 totaling \$151,264. While this project was not capital in nature, but rather an unpredicted loss, such construction preserved the quality of the facility.

The Park District purchased a new Ford Star Craft 14 passenger bus in 2021. The bus is used to transport patrons during our senior trips, summer camp field trips, and to pick-up students for our After School Program. The total bus cost was \$55,201.

In 2021, the North Park Facility and Community Center upgrades included new LED lighting. With these upgrades, we received ComEd incentive rebates that reduced the total price of the project by \$1,170 and \$2,486 with the support and guidance from an energy consultant. The investment in the North Park and Community Center project was \$4,043 and \$10,864, respectively.

The Community Center cardio room upgraded its equipment to new state of the art machines including treadmills, stair climbers, elliptical, and a rowing machine. Total equipment cost was \$29,773.

During the 2021-2022 fiscal year security cameras were installed district wide. The total amount for equipment and installation were as follows; Community Center, \$7,200, Pool on Pacific, \$2,568, North Park, \$8,193, the Pavilion at North Park, \$5,336, and Ice Arena, \$9,071. The cameras are accessible 24/7, which allows footage to be reviewed as needed.

The Pool on Pacific had the liner replaced in 2021. The replacement liner is anticipated to last approximately 15 years. Total cost for the improvement was \$118,134.

Industrial fans were installed district wide in 2021 to improve air circulation and be in compliance with the reopening of the facilities during the Covid-19 pandemic. Fans were installed at North Park in the gym, dance room, and banquet hall, Community Center in the gym and both rooms of the Fitness Center and Ice Arena, in the Main Arena bleacher area. Total cost including installation were as follows; Community Center & North Park, \$72,830 and Ice Arena, \$34,258.

The Neighbor Park Redevelopments at Timber & Hawthorne Park were completed in 2022. Both parks were German designed and include two different pollinator beds. The upgrades also included a 3-tier play tower, Gaga Ball Pit, child activated splash feature and a chimney swift. Total cost for Hawthorne Park \$368,224 and Timber Park, \$438,741.

In 2021, the Park District installed five rooftop beehives at the Centre at North Park. Project Aurelius was initially funded by the Park District, costing \$7,547. All proceeds from honey sales benefit the Parks Foundation.

Several upgrades transpired at the Pool on Pacific in summer of 2022, including but not limited to, repair work to the cracks and concrete in the pool liner, upgrading the pool sound system along with pool furniture and competitor reels. Such minor enhancements totaled roughly \$43,500, while major enhancements totaled \$36,500 that included upgrading the cooling system in the concession stand and replacing the controller sensor/feeder.

The North Park front office area received a face lift in fiscal year 2022-2023. New office furniture and carpet was purchased in conjunction with the upgrades along with new bleachers for the sports arena. Total cost of this project was roughly \$50,000. Additionally, the entry and walkway to North Park was improved with a new design that totaled approximately \$37,000 for design, implementation and parking lot repairs.

Other Information

The Park District is applying for the Government Finance Officers Association of the United States and Canada (GFOA) Certificate of Achievement for Excellence in Financial Reporting for the tenth time this year. In order to be awarded a Certificate of Achievement, the Park District must publish an easily readable and efficiently organized Annual Comprehensive Financial Report whose contents conform to program standards. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

A Certificate of Achievement is valid for only one year. We believe that our Current Annual Comprehensive Financial Report for the fiscal year ended April 30, 2023 meets the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for this certificate.

The timely preparation of the Annual Comprehensive Financial Report was made possible by the efforts of the entire Finance & Administration Department and the cooperation of other operating departments of the Park District. We would like to express our sincere appreciation for their contributions not only to this report, but also to their commitment of abiding to policies and procedures to ensure the integrity of information presented in this report. We also thank the Board of Commissioners for their leadership and support as it relates to the financial operations and policies of the Park District.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Dan LoCascio", is written above a solid horizontal line.

Dan LoCascio
Director of Parks & Recreation

A handwritten signature in cursive script, appearing to read "Stephanie Bersani", is written above a solid horizontal line.

INDEPENDENT AUDITOR'S REPORT

The Honorable President
Members of the Board of Commissioners
Park District of Franklin Park
Franklin Park, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Park District of Franklin Park (the District), as of and for the year ended April 30, 2023 and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Park District of Franklin Park, as of April 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements as a whole. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements of the District. The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical information but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Sikich LLP

Naperville, Illinois

**GENERAL PURPOSE EXTERNAL
FINANCIAL STATEMENTS**

Park District of Franklin Park
Franklin Park, Illinois
Management's Discussion & Analysis

The Management Discussion & Analysis (MD&A) provides an introduction to the Park District of Franklin Park's (Park District) financial performance and statements for the fiscal year ending April 30, 2023. The MD&A is designed to assist the reader on significant issues and provide an overview of the District's financial activity. This overview should be considered along with the financial information presented in the remainder of the Comprehensive Annual Financial Report.

Financial Highlights

- The Park District's governmental & business-type activities combined revenue for the fiscal year was \$7,066,013 and combined expenses were \$5,903,173.
- The total assets and deferred outflows of the Park District exceeded its liabilities and deferred inflows at the close of the fiscal year by \$29,626,462.
- The Park District's net position increased by \$1,162,840 during the fiscal year ending April 30, 2023.
- The Park District's combined Governmental Funds ending Fund Balance increased by \$1,841,064 as of April 30, 2023.
- At the end of the fiscal year, the unassigned Fund Balance for the General Fund was \$2,556,042.
- The Park District's outstanding debt for bond issues is \$1,118,115 and will be paid in full within the fiscal year ending April 30, 2024.

Using the Annual Report Financial Section

The Park District presents two kinds of financial statements, each with a different view. The first presentation summarizes information by fund type on a current financial resource basis. The focus of the second set of financial statements is on the Park District as a whole (government-wide) and on the major individual funds. Both perspectives allow the users of the financial statements to address relevant questions. The report also contains supplementary information to the basic financial statements that broadens the basis for comparison and enhances the Park District's accountability.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Park District's finances, in a manner similar to private-sector business and accrual basis of accounting. The government-wide financial statements include a Statement of Net Position and Statement of Activities.

The Statement of Net Position presents information on the assets and deferred outflows of resources as well as liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position serve as a useful indicator of whether the financial position of the Park District is improving or deteriorating.

The Statement of Activities presents information showing how the Park District's net position changed during the most recent fiscal year. It is focused on the gross and net cost of various programs and activities that are supported by the Park District's general taxes and other sources, regardless of the timing of related cash flows. This is intended to simplify and summarize the cost of the Park District's governmental activities.

The government-wide financial statements can be found on pages 4-6.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific objectives. Like other local governments, the Park District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into two categories: Governmental Funds and Proprietary Funds.

Governmental Funds

The Governmental Funds presentation shows the sources and uses of liquid resources. This is how the budget is typically developed. Governmental Funds provide a current resources (short-term) view that help determine whether there are more or fewer current financial resources available to spend for Park District operations.

Because the focus of Governmental Funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for Governmental Funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Park District's near-term financing decisions. Both the Governmental Funds Balance Sheet and the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between Governmental Funds and Governmental Activities.

The Park District maintains individual Governmental Funds to control resources for individual activities. Information is presented separately in the Governmental Fund Balance sheet and in the Governmental Fund statement of revenues, expenditures and changes in Fund Balances, for activities considered to be major funds. Major funds are those whose revenues, expenditures, assets/deferred outflows of resources or liabilities/deferred inflows of resources are at least ten percent of the total for their fund category or type (Governmental or Enterprise) and at least five percent of the aggregate amount for all Governmental and Enterprise Funds. Data from other Governmental Funds are combined into a single aggregate presentation.

For the fiscal year ending April 30, 2023, the following funds were considered to be major funds:

- General
- Recreation
- General Debt Service
- Capital Projects

The following funds were considered to be nonmajor funds:

- Audit
- Public Liability Insurance
- Illinois Municipal Retirement
- Social Security
- Special Recreation

The basic Governmental Fund financial statements can be found on pages 7-12 of the audit report.

Proprietary Funds

A Proprietary Fund accounts for services that are generally fully supported by user fees. A Proprietary Fund is presented on a total economic resources basis. Proprietary Fund statements, like government-wide statements, provide short- and long-term financial information.

The Park District maintains one Proprietary Fund, the Ice Arena Fund. Operating expenses for the Ice Arena are funded with program and ice rental fees. The basic Proprietary Fund financial statements can be found on pages 13-15.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 16-38.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Park District’s progress in funding its obligation to provide benefits to its employees. Required supplementary information can be found on pages 39-45.

The combining and individual fund financial statements and schedules are presented on pages 46-79.

Government-Wide Financial Analysis

Over time, net position serves as a useful indicator of a government’s financial position. The following schedule indicates that the Park District’s assets and deferred outflows of resources as of April 30, 2023 exceeded liabilities and deferred inflows by \$29,626,462. This is an increase of \$1,162,840 from the prior year and \$3,355,216 from 2021. The overall net change in Fund Balances is positive, however it increased at a lower rate than the prior year. Revenues surpassed the prior year, but expenses surpassed the prior year at a superior rate. There was no adjustment(s) for change in accounting principle(s) this fiscal year. Business-type charges for services decreased slightly and both governmental and business-type expenses exceeded prior year, thus limiting the increase in the overall fund balance. The chart on page MD&A 4 illustrates the change of ending net position from 2017 to 2023.

Park District of Franklin Park
Fiscal-Year Ending Net Position

The largest part of the District’s net position reflects its net investment in capital assets, which includes all of the land, buildings, parks, and equipment less accumulated depreciation of those assets and related debt used to acquire those assets. These capital assets are used to provide services to residents and program users. Total District’s Capital Assets consists of \$5,653,416 in non-depreciable assets (land and construction in progress) and \$14,996,382 of net depreciable assets (land improvements, buildings, and machinery and equipment). Outstanding debt related to the acquisition of capital assets totaled \$1,118,115. The major capital projects invested in during the fiscal year are discussed later in the report. Net depreciable assets were offset and decreased by a handful of disposals, including the replaced and fully depreciated Community Center Fitness Equipment, Pool Chaise Lounge Chairs, a Laser Printer and a Park District Vehicle. Total cost of disposals was \$61,125.

The two largest components of current assets are cash & investments and property taxes receivable. In the fiscal year ended 2023, current assets in governmental activities increased by 4% while business-type activities decreased by 80%. There was a net pension asset in the prior year, however this fiscal year it turned into a net pension liability. This liability created a decrease to current assets. Governmental activities were able to offset the net pension liability with an increase of cash from replacement taxes, however business-type activities do not receive the benefit of replacement tax dollars and their expenses exceeded revenues. The cash and investment total of \$9,527,903 is 19% greater than the prior year for a multitude of reasons, including money collected from charges for services in governmental & business-type activities, as well as replacement taxes in governmental activities increasing by \$621,859 or 113% and also investment income increasing. Combined general government and culture & recreation expenses increased by \$970,827. This amount is 29% greater than the prior year and can be attributed to operations being in full strength (no more Bridge Phase restrictions or “gathering” limitations from COVID-19), payroll increases and inflation all encompassing. The increase of business-type activities expenses compared to the prior year is 24%. All things considered, this increase was most closely related to maintenance refrigeration services, unforeseen building repairs, Zamboni failure and compressor parts. The Ice Arena building repairs included a roof leak, the bathroom door in the women’s washroom stall being broke and needing replacement, main entryway door maintenance and locker room door

welding. HVAC equipment repairs and maintenance refrigeration services included extensive diagnosis, followed by several labor hours to repair such findings performed by a contracted outside service. This was coupled with the refrigeration system being scanned and necessary compressor parts purchased to rebuild pumps and replace bearings & seals. Lastly, the Zamboni needed extensive repairs from wear n' tear and the Ice Arena was forced to pay for a rental while the existing machine was fixed. Approximately half of the cash and investments total is comprised of short and long-term investments, including certificates of deposit and long-term, insured cash accounts. Property taxes receivable amounted to \$2,351,123, which represents the amount of taxes levied for 2022 cycle, but not received before the end of the fiscal year. The entire receivable is offset by deferred property tax revenue, which is reported in deferred inflows of resources.

The Park District's Restricted Net Position is restricted for debt service, insurance payments, annual audit, special recreation expenses, and employee benefits. The Park District's Unrestricted Net Position, the portion of net position that can be used to finance daily operations, was \$7,164,681. Unrestricted Net Position increased by 83% from the prior year. The increase to unrestricted net position is particularly attributable to the timing of capital projects not starting construction before the fiscal year end and the sizable increase in replacement tax dollars received. There was approximately \$750,000 more spent on capital outlay in the prior year and \$394,000 more in replacement tax revenues than budgeted this fiscal year. For more detailed information see the Statement of Net Position on page 4.

Financial Analysis of the Government's Funds

The Park District uses fund accounting to ensure and demonstrate compliance with legal financial reporting requirements. The following information discusses significant activity in Park District funds.

Governmental Funds

The focus of the Park District's Governmental Funds is to provide information on near-term inflows, outflows, and balances of available resources. For the fiscal year ending April 30, 2023 governmental revenues totaled \$5,795,479, which is a 7% increase from the prior fiscal year. The Park District's largest source of revenue came from Property Taxes and Personal Property Replacement Taxes, accounting for approximately \$4.88 million or 86% of the Park District's total revenue from governmental activities and was 5% greater than the prior fiscal year. Property Taxes were levied to the maximum allowable percentage for the fiscal year, however a delay in Cook County distributing tax bills adversely impacted revenue. However, Personal Property Replacement Tax revenue increased 31% offsetting the difference. Personal Property Replacement Tax revenue in 2022 throughout Illinois increased 14.3% and was higher for several reasons, including the following: legislative changes affecting corporate taxpayers and improvement of economic conditions post COVID-19, a transfer from the Income Tax Refund Fund to the Personal Property Tax Fund and the annual business income tax reconciliation of tax payments and returns from corporate income tax to replacement tax at the State level. Charges for services in government revenue totaled \$895,507, which is approximately 50% more than the prior year. Facility rentals at the Community Center and both facility rentals and banquet events at North Park certainly aided the increase since there were no COVID-19 restrictions on the size of gatherings. Similarly, daily admissions at the Pool on Pacific far surpassed the prior year. Expenditures in the Governmental Funds totaled \$4,297,712 which is 29% more than the prior fiscal year. This increase is related to a multitude of reasons; special events supplies were non-existent in the prior year, camps could go on field trips thus driving up associated expenses, communications, specifically printing & brochures, resumed at pre-COVID levels, as did professional development and all linked costs, gas costs dramatically increased during fiscal year 2022-2023, building maintenance and upkeep was more costly since facilities were fully operational during normal business hours compared to reduced hours and less patrons entering & exiting facilities, Pool on Pacific labor more than doubled since the facility had zero patron limitations and could offer swimming lessons per pre-COVID levels and lastly sales tax, banquet supplies (bar, food & linen) and building supplies and repair expenses at North Park drastically increased.

The following chart shows the major sources of operating revenue for governmental and business-type activities for the year ended April 30, 2023:

The following chart shows the major sources of operating expense by function/program for the year ended April 30, 2023:

Operational items to note are as follows:

The General Fund (Corporate, North Park & Parks Subfund's) Balance increased 39% from \$1,854,555 to \$2,583,628. Corporate tax revenue, personal property replacement and property tax, increased by 24%. This increase was most notably related to the excess replacement tax dollars received compared to budget. North Park charges for services increased 74%, thus also aiding in the increased Fund Balance. Facility rentals and banquet events at North Park far surpassed the prior year by \$144,877. The prior fiscal year operated during COVID restricted periods making banquet events and facility rentals limited by capacity size. Simultaneously, the General Fund total expenditures marginally increased by 3% across Corporate, North Park & Parks Subfund, which also helped the overall position of the Fund Balance. Fiscal year 2022-2023 net income related to North Park nearly made a 100% positive swing compared to the prior year. Centre Place banquet events more than doubled, while facility rentals in the banquet hall, sports arena and dance studio increased by 71%, 43% and 81% respectively. The Park Subfund's total expenses increased by 9% compared to the prior year. Parks salaries & benefits similarly increased by 9%. Health insurance renewed in August 2022 at an increase District wide of 3.9%. Part-time hourly rates increased by \$1.00 District wide to account for the mandated IL minimum wage increase in addition to a .25¢ merit increase for a total of \$1.25. This approach to the minimum wage mandate was implemented across every part-time position regardless of if the current rate was at minimum wage or not to acknowledge long-term Staff commitment. In addition to the part-time increase, the Board approved full-time increases of 3.5% with a handful of full-time positions being adjusted slightly higher to bring such salary in line with industry amounts. Salaries were the heaviest weighted expenditure for North Park in fiscal year 2022-2023. The increase was 17% and related to more part-time Staffing in the building on a daily basis. A front desk clerk in addition to building center staff was used this fiscal year and had not been previously utilized in the same scheduling capacity. Parks salaries increased 9%, which was attributable to their department's ten part-time staff adjustments of \$1.25 and 6 full-time board approved adjustments of 3.5%. Corporate salaries followed suit most closely to the board approved increase and went up by 4%, but that follows course since part-time labor in the Corporate department is minimal.

The Corporate Subfund's revenue to budget was precisely calculated and over budget by 25%, mainly relatable to Replacement Tax receipts exceeding budget. Expenditures in the Corporate Subfund were 14% less than budget. Contractual Services expenditures exceeded budget by 35% due to unforeseen legal services rendered, while benefits and professional development were under budget by roughly 20% most notably due to health insurance being budgeted for more than our renewal came in at and less travel & per diem expenses from professional development courses & conferences. The North Park Subfund's revenue was 1% under budget. The North Park budget was fashioned to illustrate a more realistic approach to potential revenue. The prior year revenue was under budget by 46%, so the idea was to budget for actual earnings versus hypothetical. The

North Park Subfund's total expenditures were 11% over budget. There were a handful of unplanned HVAC repairs at North Park negatively impacting budget, as well as inflation driving up the cost of food for banquets budgeted by 47%. The Parks Subfund expenditures were 9% greater than prior year, however 3% lower than budget. Contractual services, maintenance & general supplies were the leading expense categories driving expenses below budget. From a more granular analysis, park improvement repairs budgeted for were not completed due to scheduling, equipment rental expenses budgeted included a bark blower for safety surfacing, but that service was contracted rather than renting equipment, janitorial supplies included vital oxide that was used during COVID-19 deep disinfecting, but no longer used in post-COVID cleaning process, playground equipment parts included some items that were still under warranty, trees were donated from the Village of Franklin Park, which drove down the tree program expenses and the budgeted horticultural expenses included some dollars that were allocated to Capital projects.

The Recreation Fund Balance decreased \$2,357 during the year from \$1,096,146 to \$1,093,789. The Recreation overall Fund Balance budgeted a loss of \$29,050, however the net result was better by \$26,693 or over a positive 92% increase comparative to budget. Relative to the prior year, which struggled with some remaining COVID-19 limitations, fiscal year 2022-2023 had little if any restrictions. Recreation classes increased by 12 % paralleled to prior year, day camp by 22%, fitness center passes by 6%, special events by 80% and facility rentals by 15%. Recreation Programming & Pool revenue before the Recreation Tax transfer increased by 35% compared to prior year and combined was 99% of budget. The inverse of revenue rising was expenses matched and then exceeded revenue. Recreation Programming salaries were 20% greater than the prior year and 7% over budget. The salaries most over budget include Center Staff at 21% and 22% greater than prior year, Playschool labor at 44% and 55% greater than prior year, Youth Dance labor at 61% and 43% prior year and Day Camp labor at 37% and 47% prior year. Center Staff total hours compared to the prior year increased by 400 plus the \$1.25 minimum wage and merit increase account for the heightened percentages. Playschool total labor hours increased by 275 partly due to staff cleaning and sanitizing classroom toys and supplies. Youth Dance's increase is most closely related to the classes being paid through contractual services versus the prior year when Park District staff solely taught the programs. Day Camp total labor hours increased by 1,500, which was attributable to more staff being required to adhere to Cook County lifting group size restrictions, thus higher camper enrollment. Recreation Programming contractual services and supplies were both under budget, but were both 45% higher than prior year. Recreation Programming expenses exceeded revenues by \$178,361 and such loss was subsidized by Recreation Tax funds. Pool on Pacific revenue is 190% greater than the prior year because it operated at full capacity opposed to restrictions that were still implemented during summer 2021. To help better put it in perspective swimming lessons were about 2% short of budget yet 214% greater than prior year, admissions and pool passes were 6% short of budget yet 208% greater than prior year and rentals were 17% short of budget yet 73% greater than prior year. Labor followed the same pattern while being 5% over budget yet 64% greater than prior year. In total 2,300 more hours were worked in summer of 2022 than 2021 and staff hourly wages were adjusted over the minimum wage and merit increase of \$1.25 to offer competitive compensation to attract staff. The Pool underwent a substantial amount of difficulty in finding and hiring staff, thus were forced to offer higher hourly rates.

During the year, \$1,118,115 in bond proceeds were collected and helped fund the Capital Projects Fund, while bond proceeds amounting to \$1,094,270 from the 2021 bond issue were paid back via the property tax levy in the General Debt Service Fund. During the fiscal year, \$483,873 was used for capital outlay. Major capital expenditures during the fiscal year included:

- The Community Center had the water lines and drainage replaced at the end of 2022. Total cost included blue prints, specs & installation totaling \$108,383.
- The Park District purchased a new Ford Explorer for Director of Parks & Recreation use. The total vehicle cost was \$34,341.
- The Parks Department vehicle upgrades included replacement of two engines in a 2015 Ford F350 and 2015 Ford Dump Truck, totaling \$26,844.
- The North Park facility enhancements include upgrades to the front offices & lobby area. Such enhancements were an investment totaling \$21,167, including construction costs, furniture and carpet. In addition to the facility enhancements, exterior upgrades include new iron fencing, \$12,570, and interior upgrades including new bleachers in the Sports Arena, \$28,970.

- The Community Center cardio room had equipment upgraded to new state of the art machines including treadmills, stair climbers, elliptical, and a rowing machine. Total equipment cost was \$29,773.
- The parking lots at North Park and Pool on Pacific were repaired, restriped and sealed. Total cost including installation were as follows; North Park, \$23,239 & Pool on Pacific, \$6,925.
- The Pool on Pacific upgrades include new pool grating, upgraded pool sound system & two way radios, upgraded controller sensors, feeders, pipes for chlorine feeder & cooling system, new lounge chairs and parking lot repairs. Total cost including installation were as follows; grates, \$12,111, pool sound system & two way radios, \$8,715, cooling system, controller sensors, feeders and chlorine feeder pipes, \$36,400, lounge chairs, \$3,581, and parking lot repairs, \$33,821.
- The Park District installed a new controller & activation bollard at the Splash Pad at James Park. Total cost was \$7,662.
- The Ice Arena installed new batteries for the Zamboni, costing \$10,150.
- The Ice Arena upgraded to LED lighting in early 2023. Total cost including installation for the lighting was \$11,169. ComEd rebates were received to offset some of the cost.
- North Park & Ice Arena began the process of replacing new windows and doors. The project was in the Construction-in-Process phase at April 30, 2023 and such costs to-date respectively were, \$3,554 each.

Business-Type Activities

Charges for services of the Park District's business-type activities decreased by \$90,634 from the prior year or 7%. A notable distinction to decrease in revenue is closely related to the PDRMA insurance claim for the Ice Arena fire totaling approximately \$101,000 being reimbursed in fiscal year 2021-2022. Aside from this distinction, revenue was almost break even. Relatively, operating expenses increased by \$307,364 or 24%. Crucial areas driving up expenses were discussed in earlier paragraphs at length. Key factors behind business-type activities results include the following:

- A net zero affect in combined skating lesson & camp revenue. Skating lessons illustrated slightly higher enrollment and related revenues while skating camps were alternately somewhat lower. Comparatively, skating lesson labor increased by 17% or \$7,726 and skating camp labor decreased by \$887 or 6%. The increase in lesson revenue was related to cost of class sessions increasing in fiscal year 2022-2023 and the decrease to skating camp revenue was related to lower enrollment.
- A 33% increase or \$24,029 in Public Skating admission sales & skate rentals resulted in fiscal year 2022-2023. There were little to no COVID-19 restrictions limiting the size of public skate participants in 2022-2023, thus supporting the increase to revenue. During the winter months, many evening and weekend public skates reached capacity. Ice guard labor increased by 61% or \$12,267. Ice guard labor was over staffed for a majority of the season. The over staffing miscalculation was realized too late in the season to rectify and mitigate excess time allotted to ice guard labor.
- Combined, youth and adult hockey revenue marginally increased by 1%. Adult hockey league revenue saw a sizable increase throughout all seasons, most notably summer since summer of 2021 leagues were still faced with size restrictions, while youth hockey struggled a bit compared to the prior year to generate higher enrollment. Youth hockey continues to gain popularity and several youth players transitioned from our house league program to travel programs. Labor related to youth and adult hockey only marginally increased by 8%. Referee fees is mainly responsible for such increase since there were more adult teams needing games be refereed. Youth hockey camp labor also generously increased while enrollment declined. It was discovered after the fact in doing budget to actual analysis that counselor to player ratios were higher than needed.
- The budget indicated hope for rejuvenation of facility rentals, however the reality of such outcome did not come to fruition and that revenue stream decreased slightly by 1%. A handful of recurring contracts were not renewed, which attributed to this decline. There are so many Ice Arenas that ice time is not so much of a scarce source now a days and preferred ice slots are given to our house leagues and skating school classes and students.
- An 8% increase in total salaries & benefits expense from fiscal year 2022 to 2023. Full-time administrative staff received a Board approved 5% increase in salary, while health insurance decreased roughly 4%. The change in percentage reflects the above mentioned factors, in addition to Illinois minimum wage mandates that were enforced Park District wide, even if hourly rates were already above the minimum threshold.

Capital Assets

Increases to Governmental Capital Assets totaled \$422,850 and were offset by disposals totaling \$90,025 and net depreciation of \$691,052. Increases to business-type Capital Assets totaled \$37,550 and were offset by disposals totaling \$22,396 and net depreciation of \$172,285. The total Capital Asset Balance as of April 30, 2023 was \$26,389,404 for governmental activities and \$7,064,166 for business-type activities. Major capital projects are discussed in the bulleted aforementioned paragraph.

For more detailed information on Capital Assets, see Note 4 on pages 26-27 in the Notes to the Financial Statements.

Long-Term Debt

As of April 30, 2023, the Park District had a total of \$1,118,115 for principal on outstanding debt. Total long-term debt related to governmental activities also includes \$46,523 of Compensated Absences, \$69,651 of OPEB Liability and \$453,064 of IMRF net pension liability. Inconsistent with the prior year, it is important to note this year there was an IMRF Net Pension Liability versus a Net Pension Asset in the prior year. Market conditions were not as favorable and there was less money (assets) than calculation of money owed (liabilities) in the Park District's Plan. Total long-term debt related to business activities includes \$22,853 of Compensated Absences, \$23,241 of OPEB Liability and \$203,550 IMRF net pension liability. For more detailed information on the Park District's long-term debt, see Note 6 on page 28 in the Notes to the Financial Statements.

Requests for Information

This financial report provides our residents, investors, creditors and other interested parties with a fiscal overview of the Park District of Franklin Park and demonstrates the Park District's accountability for the financial resources it receives. Please direct questions concerning information in this report to the Finance Department at 9560 Franklin Avenue, Franklin Park, Illinois 60131.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES TO THE
GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES

For the Year Ended April 30, 2023

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$ 1,841,064
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures; however, they are capitalized and depreciated in the statement of activities	393,951
Some expenses in the statement of activities (e.g., depreciation) do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds	(691,052)
The loss on disposal of capital assets does not require the use of current financial resources and, therefore, is not reported as an expenditure in the governmental funds	(2,950)
The repayment of long-term debt is reported as an expenditure when due in governmental funds but as a reduction of principal outstanding in the statement of activities	1,094,270
The proceeds from the issuance of bonds is reported as an other financing source in governmental funds but as an addition to debt on the statement of net position	
Bonds issued, at par	(1,118,115)
The change in the Illinois Municipal Retirement Fund net pension asset is not a source or use of financial resources	(1,972,323)
The change in the total OPEB liability is not a source or use of financial resources	(829)
The changes in deferred outflows of resources and deferred inflows of resources is reported only in the statement of activities	1,880,196
The change in accrued interest payable is reported as an expense on the statement of activities	(12,961)
The change in compensated absences liability is reported as an expense on the statement of activities	14,443
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	<u>\$ 1,425,694</u>

See accompanying notes to financial statements.

NOTES TO FINANCIAL STATEMENTS

**PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS**

NOTES TO FINANCIAL STATEMENTS

April 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Park District of Franklin Park (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

a. Reporting Entity

The District is a body corporate and politic established under Illinois Compiled Statutes (ILCS). The District is considered to be a primary government as defined by GASB Statement No. 14, since it is legally separate and fiscally independent. Currently, the District does not have any component units based on criteria of GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an Amendment of GASB Statements No. 14 and No. 34*. The Park Foundation, while a potential component unit, is not significant to the District and, therefore, has been excluded from its reporting entity.

The District participates with other park districts and municipalities in the organization known as West Suburban Special Recreation Association (WSSRA). WSSRA is governed by a board appointed equally by the member districts. The District levies property taxes in the Special Recreation Fund to provide for its share of the cost of the operations of WSSRA. WSSRA is considered to be a jointly governed organization of the member districts. During the fiscal year ended April 30, 2023, the District contributed \$140,546 to WSSRA.

b. Fund Accounting

The District uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into the following categories: governmental, proprietary and fiduciary.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Fund Accounting (Continued)

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of restricted or committed monies (special revenue funds), the funds committed, restricted or assigned for the acquisition or construction of capital assets (capital projects funds) and the funds committed, restricted or assigned for the servicing of governmental long-term debt (debt service funds). The General (Corporate) Fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the District (internal service funds).

The District has no fiduciary funds.

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District. The effect of material interfund activity, except interfund service transactions, has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Contributions of land by developers under land/cash ordinances, if any, are reported as capital grants and contributions on the statement of activities.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Government-Wide and Fund Financial Statements (Continued)

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those accounted for in another fund. It is comprised of three subfunds, the General (Corporate), North Park and Corporate Parks Subfunds.

The Recreation Fund is used to account for the restricted and assigned revenue and expenditures related to recreation programs funded by a tax levy and user fees.

The General Debt Service Fund is used to account for the accumulation of resources for and the payment of principal and interest on governmental activities long-term debt.

The Capital Projects Fund was established to track restricted bond proceeds related to the bond issues. These bonds are being used for park and facility improvements.

The District reports the following major proprietary fund:

The Ice Arena Fund accounts for the operation of the indoor ice arena. Operations include program revenues, rentals and food and beverage sales. The cost of operations is recovered through user charges.

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. With this measurement focus, all assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these activities/funds are included on the statement of net position. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues and expenses are directly attributable to the operation of the proprietary funds. Non-operating revenue/expenses are incidental to the operations of these funds.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation
(Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period (60 days). The District recognizes property taxes when they become both measurable and available in the year intended to finance. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as expenditures become due.

Those revenues susceptible to accrual are property taxes, interest revenue and charges for services.

The District reports unavailable/deferred revenue and unearned revenue on its financial statements. Unavailable/deferred revenues arise when a potential revenue does not meet the measurable and available or earned criteria for recognition in the current period. Unearned revenues arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met or when the District has a legal claim to the resources, the deferred inflow for unavailable/deferred revenue or the fund liability for unearned revenue is removed from the financial statements and revenue is recognized.

e. Cash Equivalents

For purposes of the statement of cash flows, the Enterprise Fund considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. Investments

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit and other nonparticipating investments are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

g. Inventories

Supplies inventory is valued at cost. Inventory of items held for resale is valued at the lower of cost or market, first-in/first-out (FIFO) method. The costs of governmental fund inventories are recorded as expenditures when consumed rather than when purchased.

h. Prepaid Expenses/Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses/items on the consumption method. Such amounts are offset by fund balance nonspendable for prepaid items in the governmental fund financial statements.

i. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

j. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., bike trails, paths and similar items) are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$2,500 and an estimated useful life in excess of one year. Such assets are reported at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j. Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Equipment	3-10
Land improvements	10-20
Buildings	10-30
Motor vehicles	3-10

k. Long-Term Obligations

In the government-wide financial statements and the proprietary fund in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

l. Accrued Compensated Absences

Accumulated unpaid vacation pay is accrued by the District on the statement of net position and the proprietary fund financial statements. Employees who work a 12-month year are entitled to compensated vacation time. Vacations are usually taken within the anniversary year of each employee. The liability for accumulated unpaid vacation pay is based upon accumulated days at April 30, 2023, times the current pay rate (including certain benefits) for each employee.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

l. Accrued Compensated Absences (Continued)

In the governmental fund financial statements a liability has been accrued for amounts owed to employees who have retired or terminated employment by the end of the year. All full-time employees receive one sick day per month. Unused sick leave days accumulate to a maximum of 240 days for full-time personnel. The District does not reimburse employees for unused sick days remaining upon termination of employment. Therefore, no accrual has been made for sick leave as sick leave does not vest or accumulate.

m. Property Taxes

Property tax revenues are recognized in the year intended to finance. The second installment of the 2022 tax levy is intended to finance the 2024 fiscal year and is not considered available for current operations and, therefore, is shown as receivable and unavailable revenue at year end. The District assumes 1% of the levy is uncollectible.

n. Net Position/Fund Balance

In the fund financial statements, governmental funds report nonspendable fund balance for amounts that are either not in spendable form or legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose or externally imposed by outside entities or from enabling legislation adopted by the District. Committed fund balance, if any, is constrained by formal actions of the District's Board of Commissioners, which is considered the District's highest level of decision-making authority. Formal actions include ordinances approved by the Board of Commissioners. Assigned fund balance represents amounts constrained by the District's intent to use them for a specific purpose. The authority to assign fund balance has been delegated by the board to the Executive Director. Any residual fund balance in the General Fund, including fund balance targets and any deficit fund balance of any other governmental fund is reported as unassigned.

The District has established a fund balance reserve policy for its General Fund. The policy requires fund balance to be maintained in the General Fund at a target base of a minimum of three to four months of the annual budgeted expenditures. Balances in excess of four months may be transferred to the Capital Projects Fund to support future capital projects.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

n. Net Position/Fund Balance (Continued)

The District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending the District considers committed funds to be expended first followed by assigned funds and then unassigned funds.

In the government-wide financial statements, restricted net position is legally restricted by outside parties for a specific purpose. None of the restricted net position results from enabling legislation adopted by the District. Net investment in capital assets represents the District's investment in the book value of capital assets, less any outstanding debt that was issued to construct or acquire the capital asset.

o. Interfund Transactions

Internal services transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except internal services transactions and reimbursements, are reported as transfers.

p. Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

q. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS

The District categorizes the fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

ILCS and the District's investment policy authorizes the District to make deposits/invest in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services and The Illinois Funds.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and thus, reports all investments at amortized cost rather than fair value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

Deposits

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral with a fair value of 110% of all bank balances in excess of federal depository insurance with the collateral held by an agent of the District in the District's name. At April 30, 2023, all of the District's funds were collateralized.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS (Continued)

Investments

In accordance with its investment policy, the District limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a three-year period. The investment policy limits the maximum maturity length of investments for nonreserve funds to three years from date of purchase. Investments in reserve funds may be purchased with maturities to match future projects or liability requirements; however, any maturities greater than four years must be approved in advance by the Board of Commissioners. In addition, the policy requires the District to structure the investment portfolio so that securities mature to meet cash requirements for ongoing operations, prohibiting selling securities on the open market prior to maturity.

Investments in money market mutual funds are valued at amortized cost, which approximates fair value. The District held no investments to measure at fair value at April 30, 2023.

The District limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government. The money market mutual fund is not rated.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the District will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the District's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the District's agent separate from where the investment was purchased or by the trust department of the bank where purchased, in the District's name. The money market mutual funds are not subject to custodial credit risk.

Concentration of credit risk - The District's investment policy requires diversification but does not contain specific diversification targets or limits.

The District's investment policy specifically prohibits the use of or the investment in derivatives.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

3. PROPERTY TAX CALENDAR

The following information gives significant dates on the property tax calendar of the District.

- The property tax lien date is January 1.
- The annual tax levy ordinance for 2022 was passed December 23, 2022.
- Property taxes are due to the County Collector in two installments, March 1 and September 1.
- Property taxes for 2022 are normally received monthly beginning in March and generally ending by November 2023.

The 2023 tax levy, which attached as an enforceable lien on property as of January 1, 2023, has not been recorded as a receivable as of April 30, 2023 as the tax has not yet been levied by the District and will not be levied until December 2023 and, therefore, the levy is not measurable at April 30, 2023.

4. CAPITAL ASSETS

Capital asset activity for the year ended April 30, 2023 was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances

Compensated absences	32,663	4,256	11,527	25,392	2,539
TOTAL BUSINESS-TYPE ACTIVITIES	\$ 46,063	\$ 220,824	\$ 14,469	\$ 252,418	\$ 2,774

Compensated absences are typically liquidated by the General, Recreation and Ice Arena Funds.

The IMRF net pension liability and total OPEB liability are typically liquidated by the General, Recreation and Ice Arena Funds.

General obligation bonds are typically liquidated by the Debt Service Fund.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. LONG-TERM DEBT (Continued)

Long-term debt at April 30, 2023 is comprised of the following individual bond issues:

General Obligations Bonds

\$1,118,115 General Obligation Limited Tax Park Bonds, Series 2022, issued for capital projects, issued directly to a bank, due in one principal installment of \$1,118,115 on December 6, 2022 with interest at 3.55%.	<u>\$ 1,118,115</u>
TOTAL GENERAL OBLIGATION BONDS	<u><u>\$ 1,118,115</u></u>

The annual requirements to amortize to maturity serial debt outstanding as of April 30, 2023 are as follows:

<u>Fiscal Year Ending April 30,</u>	<u>General Obligation Series Bonds (Direct Placement)</u>	
	<u>Principal</u>	<u>Interest</u>
2024	<u>\$ 1,118,115</u>	<u>\$ 35,834</u>
TOTAL	<u><u>\$ 1,118,115</u></u>	<u><u>\$ 35,834</u></u>

7. INSURANCE

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; employee health; injuries to employees; and net income losses. Employee health is covered by commercial insurance purchased from independent third parties. For all insured programs, settlement amounts have not exceeded insurance coverage for the current or two prior years. Since June 5, 2001, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability and workers' compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

Losses exceeding the per occurrence self-insured, and reinsurance limit would be the responsibility of the District. The District is not aware of any additional amounts owed to PDRMA at April 30, 2023.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

7. INSURANCE (Continued)

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body. The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by PDRMA.

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member. PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Property/Casualty Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

8. DEFINED BENEFIT PENSION PLANS

The District's defined benefit pension plan, Illinois Municipal Retirement Fund (IMRF), provides retirement, disability, annual cost of living adjustments and death benefits to plan members and beneficiaries. IMRF is an agent multiple-employer pension plan that acts as a common investment and administrative agent for local governments and school districts in Illinois. The Illinois Pension Code establishes the benefit provisions of the plan that can only be amended by the Illinois General Assembly. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole but not by individual employer. That report may be obtained by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523 or at www.imrf.org.

Plan Administration

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

8. DEFINED BENEFIT PENSION PLANS (Continued)

Plan Membership

At December 31, 2022 (most recent data available), IMRF membership consisted of:

Inactive employees or their beneficiaries currently receiving benefits	42
Inactive employees entitled to but not yet receiving benefits	24
Active employees	<u>28</u>
 TOTAL	 <u><u>94</u></u>

Benefits Provided

IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011 are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. Employees hired on or after January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Contributions

Participating members are required to contribute 4.50% of their annual salary to IMRF. The District is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution rate for the fiscal year ended April 30, 2023 was 3.57% of covered payroll.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

8. DEFINED BENEFIT PENSION PLANS (Continued)

Actuarial Assumptions

The District’s net pension liability (asset) was measured as of December 31, 2022 and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2022
Actuarial cost method	Entry-age normal
Assumptions	
Price inflation	2.25%
Salary increases	2.85% to 13.75%
Investment rate of return	7.25%
Cost of living adjustments	3.00%
Asset valuation method	Fair value

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables and future mortality improvements projected using scale MP-2020.

Discount Rate

The discount rate used to measure the total pension liability at December 31, 2022 was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the District’s contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the IMRF’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended April 30, 2023, the District recognized pension expense of \$151,094. At April 30, 2023, the District reported deferred outflows of resources related to IMRF from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 661,755	\$ -
Changes in assumption	-	-
Net difference between projected and actual earnings on pension plan investments	819,130	-
Contributions made subsequent to the measurement date	9,417	-
TOTAL	\$ 1,490,302	\$ -

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

8. DEFINED BENEFIT PENSION PLANS (Continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

\$9,417 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability (asset) in the year ending April 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to IMRF will be recognized in pension expense as follows:

Fiscal Year Ending April 30,	
2024	\$ 265,083
2025	413,204
2026	352,952
2027	449,646
Thereafter	-
TOTAL	\$ 1,480,885

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability (asset) to changes in the discount rate. The table below presents the net pension liability (asset) of the District calculated using the discount rate of 7.25% as well as what the District's net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net pension liability (asset)	\$ 2,057,188	\$ 656,614	\$ (429,305)

9. CONTINGENT LIABILITIES

a. Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. CONTINGENT LIABILITIES (Continued)

b. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

10. OTHER POSTEMPLOYMENT BENEFITS

a. Plan Description

In addition to providing the pension benefits described, the District provides postemployment health care (OPEB) benefits for retirees through a single-employer defined benefit plan (the Plan). The benefits, benefit levels, employee contributions and any employer contributions are governed by the District and can be amended by the District through its personnel manual. The Plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the Plan. The Plan does not issue a separate report. The activity of the Plan is reported in the District's General Fund, Enterprise Fund, Governmental Activities and Business-Type Activities.

b. Benefits Provided

The District provides postemployment health care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement the District's retirement plan or meet COBRA requirements. Elected officials are eligible for benefits if they qualify for retirement through the IMRF.

All health care benefits are provided through the District's insured health plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous and substance abuse care; vision care; dental care; and prescriptions. Eligibility in District sponsored health care plans is discontinued upon eligibility for federally sponsored health care benefits.

FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

10. OTHER POSTEMPLOYMENT BENEFITS (Continued)

c. Membership

At April 30, 2022 (most recent data available), membership consisted of:

Active fund members	23
Inactive fund members and beneficiaries currently receiving benefits	-
Inactive fund members entitled to benefits but not yet receiving them	-
	<hr/>
TOTAL	<u>23</u>
Participating employers	<u>1</u>

d. Actuarial Assumptions and Other Inputs

The total OPEB liability at April 30, 2023, as determined by an actuarial valuation as of May 1, 2022 using the alternative measurement method, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified. The OPEB liability was rolled forward by the actuary using updated procedures on April 30, 2023, including updating the discount rate at April 30, 2023, as noted below:

Actuarial valuation date	May 1, 2022
Measurement date	April 30, 2023
Actuarial cost method	Entry-age normal
Inflation	3.00%
Discount rate	4.14%
Healthcare cost trend rates	6.00%, to an ultimate trend rate of 4.50%
Mortality rates	PubG.H-2010 Mortality Table - General with Mortality Improvement using Scale MP-2020

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

10. OTHER POSTEMPLOYMENT BENEFITS (Continued)

e. Discount Rate

The discount rate was based on the S&P Municipal Bond 20-year high-grade rate index rate for tax-exempt general obligation municipal bonds rated AA or better at April 30, 2023.

f. Changes in the Total OPEB Liability

	Total OPEB Liability
BALANCES AT MAY 1, 2022	\$ 82,926
Changes for the period	
Service cost	1,704
Interest	3,301
Changes in assumptions	216
Difference between expected and actual experience	5,684
Benefit payments	-
Other changes	-
Net changes	10,905
BALANCES AT APRIL 30, 2023	\$ 93,831

Changes in assumptions were made to the discount rate in 2023.

g. Rate Sensitivity

The following is a sensitive analysis of total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability of the District calculated using the discount rate of 4.14% as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.14%) or 1 percentage point higher (5.14%) than the current rate:

	1% Decrease (3.14%)	Current Discount Rate (4.14%)	1% Increase (5.14%)
Total OPEB liability	\$ 103,694	\$ 93,831	\$ 84,902

PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

10. OTHER POSTEMPLOYMENT BENEFITS (Continued)

g. Rate Sensitivity (Continued)

The table below presents the total OPEB liability of the District calculated using the healthcare rate of 4.50% to 6.00% as well as what the District’s total OPEB liability would be if it were calculated using a healthcare rate that is 1 percentage point lower (3.50% to 5.00%) or 1 percentage point higher (5.50% to 7.00%) than the current rate:

	1% Decrease (3.50% to 5.00%)	Current Healthcare Rate (4.50% to 6.00%)	1% Increase (5.50% to 7.00%)
Total OPEB liability	\$ 82,755	\$ 93,831	\$ 106,897

h. OPEB Expense

For the year ended April 30, 2023, the District recognized OPEB expense (income) of \$3,767.

11. SUBSEQUENT EVENT

On February 13, 2024, the District issued \$1,179,275 General Obligation Limited Tax Park Bonds, Series 2024 for the building, maintaining, improving and protecting of land purchased or condemned for parks and the existing land and facilities of the District and for payment of costs of issuance.

Notes to Required Supplementary Information

The information presented was determined as part of the actuarial valuations as of January 1 of the prior fiscal year. Additional information as of the latest actuarial valuation presented is as follows: the actuarial cost method was entry-age normal; the amortization method was level percentage of pay, closed and the amortization period was 21 years; the asset valuation method was five-year smoothed fair value; and the significant actuarial assumptions were an investment rate of return of 7.25% annually, projected salary increases assumption of 2.85% to 13.75%.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

**PARK DISTRICT OF FRANKLIN PARK
FRANKLIN PARK, ILLINOIS**

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

April 30, 2023

BUDGETS AND BUDGETARY ACCOUNTING

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

1. In June 2022, the Director submitted to the Board of Commissioners a proposed operating budget and appropriation for the fiscal year covering the period May 1, 2022 through April 30, 2023. The operating budget included proposed expenditures and the means of financing them.
2. A public budget work session was conducted at a public meeting to obtain taxpayer comments.
3. On August 23, 2022, the operating budget was adopted through passage of a resolution by the Board of Commissioners.
4. Once adopted, the Board of Commissioners can make transfers between objects within any fund up to 10% of the total budget of that fund. However, any revisions that alter the total disbursements of any fund must be approved by the Board of Commissioners after a public hearing. Management can make transfers between line items within a fund, if the fund total is not altered.
5. Formal budgets are adopted for the General, Special Revenue and Debt Service and Capital Projects Funds. The Ice Arena is appropriated as part of the Recreation Fund. The legal level of budgetary control is the fund level.
6. Budgets are adopted on a basis consistent with GAAP. The financial statements present the operating budget of the District.
7. All budget authority lapses at the end of the year. No supplemental appropriation was adopted during the current fiscal year.
8. The following governmental funds had an excess of actual expenditures over budget for the fiscal year.

DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT

April 30, 2023

Governmental Unit	Gross Debt (1)	Percentage of Debt Applicable to the District	The District's Share
Park District of Franklin Park	\$ 1,118,115	100.00%	\$ 1,118,115
Cook County	\$ 2,251,061,750	0.41%	\$9,229,353
Cook County Forest Preserve District (1)	61,505,000	0.41%	252,171
Metropolitan Water Reclamation District (1)	2,462,169,076	0.41%	10,094,893
Village of Franklin Park (2)	6,140,000	70.96%	4,356,944
School District 81	46,605,000	8.28%	3,858,894
School District 83	28,820,000	39.37%	11,346,434
School District 84	11,765,000	55.95%	6,582,518
School District 212	21,410,000	22.70%	4,860,070
Leyden Fire	1,095,000	2.44%	26,718
TOTAL OVERLAPPING DEBT	4,890,570,826		50,607,995
TOTAL DIRECT AND OVERLAPPING DEBT	\$ 4,891,688,941		\$ 51,726,110

(1) Does not include alternate revenue source bonds, or IEPA loans levied by the Water Reclamation District.
(2) The Village now levies for some its Alternate Revenue Source Bonds. Certain of these bonds are included in this table.

Note: Overlapping governments are those that coincide, at least in part, with geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of the District. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the property taxpayers should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt, of each overlapping government.
